DETAILED ACTION

Information Disclosure Statement

The information disclosure statement (IDS) submitted on 5/9/05 contains the patent application, 10/659828. This patent application number has been crossed out and replaced with the corresponding US Pre-grant publication number 20040048401 which has been considered by the examiner.

Allowable Subject Matter

Claims 47-52 are allowed.

The following is an examiner's statement of reasons for allowance:

There is no teaching or suggestion in the art of record disclosing a semiconductor component comprising a redistribution circuit with a plurality of bump contacts and separate test contacts in combination with all other limitations of claim 47. Therefore, independent claim 47 is deemed allowable along with its dependent claims 48-52.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
